PM PICK-UP

When picking students up at 3:00pm, it is important to keep traffic moving on Seerley Blvd. We have recently had a few cars park on the side of Seerley which causes safety issues. It is ok to wait at the stop sign if your student is walking toward you. Otherwise, to keep traffic moving, please pull into the lot and wait for your student there.

If you have any questions, please call Mr. Boevers.

Thank you for following the expectations to keep our pickup time safe for all of our students.

Iowa Statewide Assessment of Student Progress

– formally known as: Iowa Assessments or ITBS

This year will be the fourth year of state wide assessments through the Iowa Statewide Assessment of Student Progress (ISASP) – formally known as: Iowa Assessments or ITBS. The testing will all be done on student Chromebooks. Iowa Assessments will tentatively be the week of March 25th.

All tests will be untimed, so any student who needs more time to finish each test will be allowed to do so. You will also not need to bring a calculator as that will be available on the Chromebook. Teachers have and will continue to prepare students for these tests, as we are doing our best to set all students up for success.

On these test days, student will need to bring:

- Chromebooks FULLY charged! All testing will be done on the student Chromebook, so make sure it is charged the night before.
- A book to read if finished early from testing. No phones, watches, or electronics of any kind will be allowed during the testing time, and students will not be allowed to be on Chromebooks when not testing.
- Each student's best effort! These tests are important for future success and to help us schedule students in the correct classes for next year. Don't be nervous, just do your best!

SOCIAL MEDIA CONCERNS

Contact:
bill.boevers@cfschools.org

Protecting your child from technology issues

Many of our students spend hours every day on social media. While there may be some benefits to these platforms, there are many downsides that impact our students in a negative way. Counselors and administrators routinely help students who have issues with social media after the school day ends. Here are some things you can do to help your children.

Monitor Chromebook use.

Students are unable to erase the history on school-issued Chromebooks.

Monitor cell phone use.

Know your students' passwords so you can check their phone if needed.

Block students who are causing stress.

If people are bullying or upsetting your children online, have them block those students.

Set reasonable time limits.

Talk to your teen about not letting social media or games interfere with sleep, homework, and meals. Have an end time for all screens and a consistent time to go to bed. Set a good example by following these rules yourself.

Keep phones and Chromebooks away from students at night.

Phones and Chromebooks should be charged somewhere other than the student’s bedroom. Removing the phones and Chromebooks from the bedroom will help your student get more sleep and prevent the student from interacting with others during the night.
