

Policy Title:

Energy Conservation

Code No. **902.3**

In the continuing effort to best utilize public resources in an effective and efficient manner, employees and students shall practice energy conservation methods when utilizing the school district's buildings and sites. These methods include, but are not limited to, recycling, turning off lights and equipment when not in use, reducing the temperature of the facility, particularly when it is not in use, and keeping windows and doors properly closed or open, depending upon the weather.

It shall be the responsibility of the superintendent to develop energy conservation guidelines for employees and students. Employees and students shall abide by these guidelines.
