Babysitter & Childcare Training

Training Course

Sunday, March 26th, 2023

9:00am – 4:00pm

UNI Leisure Pool & WRC 150

\$90 per child

The purpose of this American Red Cross course is to provide youth who are planning to babysit, with the knowledge and skills necessary to safely and responsibly give care to children and infants on land, as well as in and around water. This training will help participants to develop leadership skills; learn how to develop a babysitting business; keep themselves and others safe; help children behave; give children basic water safety skills and knowledge; and learn about basic childcare and first aid. Youth will become great babysitters by learning practical skills and confidence through video presentations, hands-on activities, and classroom discussions.
