Cedar Falls School Board,

My name is Sylena Henderson. I am a junior at Cedar Falls High School. I am writing to request your approval for early graduation. I have worked hard to put myself on track to graduate early and ready to move forward with my long-term plans.

My plan after graduation is to work at Bertch Cabinet Manufacturing. While working at Bertch Cabinets my goal is to save money for barber schooling. I have done some research and my best option to become a barber will be to attend the Salon Professional Academy for barbering in Cedar Falls. Once I graduate from barbering school I would get a job at a barber shop or salon and eventually would like to own my own business.

Thank you for your time and consideration.

Sincerely,

Sylena Henderson
