# FY 2020 Commercial & Industrial State Replacement Estimate

Cedar Falls

Beginning in FY 2015, Commercial and Industrial property valuations are reduced through a rollback. The rollback is 95% in FY 2015 and 90% in subsequent years. The state is reimbursing local governments, including school districts, for the lost property taxes. This worksheet can be used to estimate those C&I State Replacement payments for budgeting purposes.

Beginning in FY 2018, Commercial and Industrial replacement payments paid by the State of Iowa to local governments becomes limited by the total amount of payments made in FY 2017. The limitation may cause all payments to local governments to be pro-rated. The amount of proration necessary for the budget year will not be known until August, but the dropdown below will allow the estimated commercial & industrial replacement payments to be reduced by a selected proration percentage.
