

Mr. Wedgbury,

I am Veronica Steffener, a junior at CFHS, and I am requesting permission to graduate in May of 2021. I will have all my requirements completed by then and will have enough credits to graduate. I have been accepted into UNI and have also been asked to apply for the honors program there, in which I intend to do. I also plan on trying out for the Panther Marching Band because I want to continue my musical education. I have enjoyed my years at CFHS and have been very fortunate with the supportive and encouraging staff, but I feel that I am ready to start college in the fall.

I appreciate you considering my request.

Best Regards,  
Veronica Steffener
