

Cedar Falls Community Schools
Board/Administration Retreat
Wednesday, January 12, 2022
Central Rivers AEA (1521 Technology Pkwy)
9:30 AM - 12:30 PM

- We commit to a district wide student first philosophy.
- We seek first to understand and then to be understood always assuming positive intentions.
- We make decisions by consensus following examination of available data. Once decided, we commit to support our decisions.
- We demonstrate respect for each other by maintaining confidentiality, expressing our disagreements constructively and by speaking well of our colleagues when they are not present.
- We develop ourselves individually and collectively by exploring, learning and sharing strategies, practices, tools, and resources as well as by seeking and offering feedback.
