

Policy Title:

Nonresident Students

Code No. *501.2*

Students who are eligible to attend an Iowa public school but who are not legal residents of the school district may be admitted into the school district at the discretion of the superintendent or designee upon application and payment of tuition. The tuition rate is the current per-pupil cost of the school district as computed by the board secretary and as authorized by the Iowa Department of Education.

Resident students whose families move from the school district after the start of a semester and who wish to complete the semester in the school district may be permitted to attend without the payment of tuition at the discretion of the superintendent or designee and approval of the board. Students who plan to open enroll to the nonresident district may complete the school year without approval of the superintendent or designee or board. These students, other than students in grades eleven and twelve, must have the recommendation of the principal.

Students in grades eleven or twelve who are no longer residents of the school district, but were residents in the preceding school year, may continue to attend school until they graduate without the payment of tuition. These students may be required to identify an adult, who resides in the school district, identified for administrative purposes.

Nonresident students who are eligible to attend an Iowa public school and who have evidence they will become legal residents of the school district prior to the state student count date may be allowed to attend without the payment of tuition.
