

**CEDAR FALLS SCHOOL DISTRICT
TUBERCULOSIS (TB) RELEASE**

Student Name _____ Grade _____ School _____
Health Care Provider _____ Phone _____
School Admission Date _____
First Testing Date _____
Follow-up Testing Date _____
(90 days after first test)

At the time of enrollment in the Cedar Falls School District, ALL students must be asked if they have traveled outside of the United States in the past 12 months for 30 days or more.

If the student HAS NOT traveled outside of the United States within the past 12 months for 30 days or more, no further action is needed regarding TB testing.

If the student HAS traveled outside of the United States in the past twelve months for 30 days or more, TB testing is required.

TB TESTING:

The student is required to have a Mantoux TB skin test within 2 weeks of entering school. The parent/guardian is responsible for scheduling the testing appointment with their Health Care Provider or the Black Hawk County Public Health Department. Documentation of those results will be shared with the Cedar Falls Community School Nurse and kept on file in the student's health record. In addition, a follow up TB test will be administered 90 days from first test. Those results will be kept on file in the student's health record.

**CONFIDENTIAL HEALTH INFORMATION AND COMMUNICATION
RELEASE:**

I give my permission to the Cedar Falls Community School Nurse to share information relevant to my child's health condition with appropriate school personnel when needed to meet my child's health and safety needs. I give permission to the above named medical professional(s) to exchange information for the purpose of referral, diagnosis, and treatment with the Cedar Falls Community School Nurse. I give specific permission to my health care provider to share any pertinent health information in my child's health record regarding: TB testing and treatment.

PARENT/GUARDIAN SIGNATURE:
